

# Fact Sheet: Leonidas Recovery Roads Repairs

City of New Orleans  
Department of  
Public Works

## Project Summary:

The City of New Orleans will implement a multi-million dollar, multi-year comprehensive infrastructure improvement program to repair Hurricane Katrina related sub-surface and road damages. Types of repairs deemed eligible for improvement by FEMA include utilities, sidewalks, American with Disabilities Act compliant ramps, driveway aprons, curbs and road paving.

## Project Facts:

**Phase I:** Between 2008-2009, the City of New Orleans performed citywide repairs to approximately 17,000 damage sites at an estimated cost of \$55.2 M. The total cost of Phase I repairs completed in the Leonidas area totaled approximately \$845,000.

**Phase II:** The Leonidas Recovery Roads program will include multiple construction repair projects with a total estimated value for roadway improvements that approximately \$6.4 M. Design of the future road repairs is underway and is being closely coordinated with the Sewerage and Water Board of New Orleans. Leonidas construction is currently scheduled to begin in Q1 2020 and last through Q1 2021. Road resurfacing work will be limited in some areas of Leonidas.

## What to expect during construction:

Residents and businesses in Leonidas should exercise caution when driving, bicycling or walking near active construction sites. Residents can expect to experience temporary construction inconveniences such as limited access to areas within the construction zones, detours, movement of heavy equipment, safety signage and sounds.

In general, construction crews will be working from 7 a.m. to 5 p.m., Monday through Friday. The Leonidas engineering and design firm is Waggoner Engineering, Inc. The construction contract is scheduled to be available for bid in Q4 2020.

## Funding Facts:

Neighborhood Area	Phase of Work	Consultants	Total Estimated Repairs
Phase I Completed Repairs	Completed	NA	\$845,000
Phase II Estimated Repairs	Design	Waggoner Engineering, Inc.	\$6,400,000 *
	Construction	TBD	
<b>TOTAL Repairs— Leonidas</b>			<b>\$7,245,000 *</b>

\* FEMA inspectors will be working onsite with the City's design and construction contractor teams. During construction they are likely to identify additional storm damages that may be eligible for repair. In many cases it is likely the scope of work may be adjusted to include additional repairs.

## Project Area:

- So. Carrollton Ave.
- Leake Ave.
- Mississippi River
- Monticello Ave.
- So. Claiborne Ave.
- Leonidas St.
- Fig St.
